

International WORKSHOP
on
OPTOELECTRONIC PHYSICS AND TECHNOLOGY
June 20-22, 2007 Kharkov, Ukraine

<http://photonics.kture.kharkov.ua/>

First Announcement

The Kharkov National University of Radio Electronics (KhNURE) in cooperation with the Ukraine IEEE / LEOS Chapter, announce the **International Workshop on Optoelectronic Physics and Technology** (OPT'2007). It will be held on June 20-22, 2007 in Kharkov, Ukraine.

The OPT'2007 workshop program will accommodate **invited** and **oral** presentations.

Proposed scope for OPT are:

- Fundamental research in optics and photonics;
- New semiconductor heterostructures and devices for light generation and amplification
- New materials and periodical structures and their applications;
- Industrial technology in optoelectronics and microelectronics;
- Advanced techniques for optical communications;
- Methods of training in optoelectronics.

The working languages of the Workshop will be English.

IMPORTANT DATES:

The **deadline** for submission of 50-words abstracts, indicating address, fax number and e-mail address for rapid communication is **April 20, 2006**.

OPT-2007 Honorary Chair: Prof. M.F. Bondarenko, rector of the Kharkov National University of Radio Electronics, Ukraine

OPT-2007 Co-Chairs:

Prof. Yong Tak Lee, Gwangju Institute of Science and Technology, Republic Korea
Prof. I. A. Sukhoivanov, Kharkov National University of Radio Electronics, Ukraine

Workshop address:

National University of Radio Electronics,
Lenin av.14, Kharkov 61166, Ukraine.
Tel. (+38 057) 702 1384
Fax. (+38 057) 702 1013
E-mail: i.sukhoivanov@ieee.org

Workshop scientific secretary: O.V. Mashoshina, Kharkov National University of Radio Electronics (invitations, conference fee, lodging and transportation), Phone: 380 57 7021 384,
E-mail: mashoshina@kture.kharkov.ua

INFORMATION FOR AUTHORS.

The Workshop Program incl. abstracts will be published in English and will be available at the registration desk.
